SUMMARY

I am dedicated to empowering individuals through innovative technology so that they can face their challenges with resilience to create a more hopeful world for all.

EXPERIENCE

Information Technology Support Specialist
Tolleson Union High School District
Jun 2022 – Ongoing
Avondale, AZ

- Was first point of contact for all issues regarding internet- connected devices on large high school campus
- Ensured all staff & students' devices met their needs, allowing educational environment to operate seamlessly
- Built Microsoft Power App with O365 and SharePoint data integrations to deliver relevant information to users
- Made possible a reduction in user information requests of over 90%, eliminating time users spent waiting for data

Owner & Software Developer
by The Lindemans
Dec 2022 – Ongoing
Glendale, AZ

- Built a brand with broad social media presence, targeted ad campaigns, and storefronts on numerous platforms
- Strategic targeted marketing of books resulted in 3:1 return on investment in ad spend
- Conceived, researched, developed, and iterated on chronic illness management app with feedback from potential users in target audience at every stage
- Aim to have alpha prototype released in January 2025

Mission Technology Specialist
The Church of Jesus Christ of Latter-Day Saints
May 2020 – May 2022
Syracuse, NY

- Supported over 3,000 users and devices transitioning from fully in-person to fully remote in Q2 2020
- Laid groundwork for and aided in the production and marketing of successful online ad campaign effort
- Automated production of congregation's weekly program
- Created decentralized framework for identification and classification of service opportunities, allowing for increased utilization of volunteer time
