📍 Utica, NY

## SUMMARY

---

Administrative and program support professional with direct experience in documentation, data tracking, and multi-system coordination. Managed records and progress notes for hundreds of students across concurrent programs; built original systems from scratch with no template or prior framework. Comfortable working independently in a remote setting, handling diverse workloads with accuracy and a high level of professionalism. Drawn to mission-driven organizations where organized, detail-oriented support makes a real difference for families.
